Salary: Open/Hourly

GroundBreakers LLC is growing and we want YOU! We welcome talented, innovative individuals to join our team. If you are a utility locating professional in Indiana or just interested in what we do, we would love to talk to you.

At GroundBreakers our goal is to offer you not just another job, but a career where you can learn, grow, and thrive. We offer union pay, great benefits and promote from within!

About the Position

After initial training is completed, the Private Utility Locator/SUE Field Technician will be working under the direction of a Field Manager and is assigned to worksites to conduct utility locating for surface, subsurface, and aerial utilities and structures. Private Utility Locators/SUE Technicians are responsible for the correct, safe, and efficient locating of underground utilities including, but not limited to, telecommunications, electric, power, cable TV, gas, water, and sewer systems. This includes taking time to thoroughly search for underground utilities in an area, properly marking the location, and completing all necessary paperwork in accordance with company guidelines.

Requirements

- 1+ year utility locating experience is preferred
- Prior construction experience is a plus
- Pre-Employment and Random Drug Screens
- Valid Driver's License
- High School Diploma or equivalent is required

Job Duties & Responsibilities

- Follow the standard operating procedures for targeting, locating, mapping, field sketching, test hole documentation, etc.
- Properly target and locate utilities, above and below ground.
- Ability to accurately complete all paperwork and deliverables for each job.

- Correct use, technique, and maintenance of the locating equipment.
- Ability to read and interpret prints.
- Ability to work year-round in all types of weather and also on all types of terrain.
- Follow proper administrative procedures
- Out-of-town travel may be required.
- Follow all safety practices and procedures
- Strong communication skills

Job Requirements:

General

- Willingness to learn/experience skills in technical utility locating
- Willingness to learn/experience basic knowledge of surveying best practices
- Willingness to learn/experience in GPR utility locating knowledge
- Willingness to learn/experience in map/plan reading
- Willingness to learn/experience in understanding or Maintenance of Traffic (MOT) procedures
- Working knowledge of Excel, Word, PDF editor.
- Must have good communication skills (verbal and written), attention to detail and accuracy, and the ability to read and understand maps, records, and prints.

Physical

- Must be able to walk, bend, and lift up to 75 pounds.
